

DAN WESSON ARMS, INC.

A PROUD TRADITION IN FIREARMS

April 1, 1981

Congratulations! You've chosen the best!

Now that you own a Dan Wesson Revolver, you may want to purchase additional accessories, such as Barrel Assemblies, grips, etc., or even spare parts.

The dealer who sold you the Dan Wesson Revolver should have most any item you'll need. However, some dealers do not stock everything. If your dealer does not have the accessory item you want, he can order it for you from any of our Dan Wesson Arms Accessory Products Distributors. Should there be any parts you need, your dealer can order them for you from any one of our Authorized Parts Distributors also listed. Each of these distributors should have all Dan Wesson accessory products in inventory or on order from the factory.

PLEASE — we ask you, the consumer, not to contact the distributors directly. Please have your dealer place the order. Thank you.

We have also listed our Authorized Warranty Repair Stations. These people are authorized to make most any repair required.
