

1984 DAN WESSON SILHOUETTE PISTOLS IN STAINLESS STEEL AND BLUE STEEL

.44 MAG .41 MAG .357 MAG .22 L.R.

1984

Incorporating all the features that have made Dan Wesson Arms a leader in the double-action revolver field:

Interchangeability - Grips, front sights (target models), and barrels.

Versatility - Adapt your Dan Wesson revolver to a variety of shooting situations in a matter of minutes.

Dependability - Unique front lockwork and design of internal parts placement adds to dependability.

Accuracy - Barrel is under tension and secured at both ends with the cylinder latch close to the barrel-cylinder gap to ensure accuracy. (Six of the first nine perfect IHMSA scores were Dan Wesson shooters.)

1984
